Emperor Cruises Halong – Discover Authenticity

The Emperor Cruise was inspired by the lavish lifestyle of Emperor Bao Dai, Vietnam's last monarch. This masterpiece is designed to reflect the style of the 1930's, a place for the most sophisticated travelers to enjoy Vietnamese culture, history, art and gourmet cuisine and where royal glamour and heritage will combine to create the epitome of elegance.

Cruising artfully, Emperor Cruises aims to bring a truly all-inclusive cruising experience, enjoying every single moment on board, where you are treated like kings and queens with exquisite cuisine, 24-hour room service and an interesting itinerary featuring many fun activities.

For experienced travelers, the boat is a discovery in itself. There are 10 en-suite cabins with a private balcony or ocean views, a butler service and a limousine. Each suite has a specific design with a story to tell, maximizing comfort and the use of daylight. Travelers will relish spending time on our floating classic luxury hotel, using it as a base to escape to nature, the sea, beach and islands and take part in activities on board and on the water as they cruise around the bay.
